

November 2, 2020

Dear Residents,

Last week we took a survey for the dining room to get a read on residents' preference for making changes to our dining operation here at The Villas and I wanted to share the results with you. The surveying questions inquired as to whether or not we should integrate both independent residents and assisted living residents together at meal times for lunch and dinner or keep things as is with assigned meal times. Out of eighty-four surveys that went out we only received thirty-seven back. Out of the thirty-seven surveys, eleven were in favor of integrating the populations and the rest elected to keep things as is.

Based on the information that we have received we will not be making changes to the assigned dining times but we may revisit this again in the future depending on how things develop going forward. Ultimately, we want everyone to be happy here at The Villas and we encourage that you voice your feedback.

I do want to again remind everyone that we're especially pleased to be able to offer The Villas dining experience but given the circumstances surrounding COVID we remain mechanized to suspend dining services on short notice if needed. That said, we do encourage participation in the dining room versus ordering tray services to your apartment. For those that did complete our survey, we thank you for your time and consideration and I would like to extend my thanks to the community as a whole for your continued understanding and flexibility during these complicated times.

Respectfully,

Grayson Tynes
Executive Director
